Hey Brian,

My name was botched on the passes but it made me laugh. I have gotten Walter before, but never Struthers! Attached are your updated signed copies.

Mr. Suthers,

Unexpectedly, our 2-week testing period at Radford was delayed for one week. I've redone the camera passes (3) and attached them for your re-approval.

Thank you!

Brian

Mr. Walker Suthers,

Between September 19 and 30 my colleagues and I will be performing sampling of emissions during the open burns. I need to document the performance of our sampling and the appearance of our samples during this effort. I would like permission to use a Nikon camera, Sony video cam, and GoPro during this effort. Accordingly, I've attached a PDF with three camera pass forms. I have reviewed the BAE Systems Camera, Cell Phone Policy and Recording Policy.

I will appreciate your consideration.

Thank you.

Brian
